"We live by faith, not by sight" - 2 Corinthians 5:7

November 2020

Family Support from Volunteers

"Thanks to Lutheran Braille Workers, I found a family among the people I volunteer with. They provided me the love and support I needed to get through hard times, and without LBW, I don't know if I could have survived the passing of my mom and brother. I know we're supposed to be serving others when we volunteer, but I also know I have received so much by volunteering. Thank you!"—Todd, Southern California

For many years, Todd refused to go to church or discuss religion. While his mom was very devout, there were bad experiences in his past which made him give up on Christianity. When his mom became incapable of driving, Todd agreed to take her to church and her Braille work days. While she invited him inside every week, he always refused and stayed in his car the entire time.

One day, while he was waiting in the car, there was a tap on his window. His mom told him there was a shortage of volunteers and asked him to please come inside and help the team out with putting together Braille books so the session wouldn't be cancelled. Todd went inside and helped his mom for a few hours, enjoying it more than he thought, but thinking it would only be a one-time event.

However, Todd's mom kept inviting him in to help, and eventually he became a regular volunteer as he enjoyed the company of the others, and the conversations he would have with the church's pastor. One day his mom invited him to join her in church and he agreed. Soon, he became a regular member of church and began witnessing his faith to his friends and co-workers.

Shortly afterwards, Todd's mom and brother both passed away from illnesses. Todd was devastated, but immediately his fellow Braille volunteers were at his door step. They sat with him, helped him figure out the details of the funerals, and gave him the support necessary to survive the difficult times.

Todd's story isn't unique among LBW Ministry Production Centers. When you bring in new people to help volunteering, you are a witness of Christ's love to them as well. The support you provide other volunteers can be critical in their lives.

You are sharing the Gospel from your church, but you are also bringing the love of Christ to everybody on your teams. Keep up the great work as you share God's love with others!

From the President

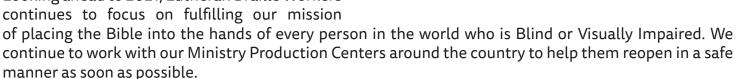

Dear brothers and sisters in Christ,

As we approach the end of 2020 and prepare to celebrate the upcoming holiday season, I want to be very clear with you:

You are an incredibly important, necessary component of the success of this ministry.

Simply put, Lutheran Braille Workers needs you now and in the future. Your work is critical to providing God's Word to people who are Blind or Visually Impaired around the world. And without your hands, your effort, your time, this ministry isn't the same.

Looking ahead to 2021, Lutheran Braille Workers continues to focus on fulfilling our mission

Love Works

13471

LBWloveworks.org

I have heard concerns from volunteers worried we are going to shut down centers who have remained closed during this pandemic, and I want to assure you this is not the case. Our goal is to have every volunteer and center come back into service when they feel comfortable.

As a ministry, Lutheran Braille Workers is continuing to expand our available titles and languages as we aim to reach more people in every part of the globe. We are working on new projects every month and will continue to do so as it makes sense. There will be new Ministry Production Centers opening in 2021, and some current centers taking on new and exciting projects.

The pandemic will still play a large part in all of our lives in the coming year, but with God's help and blessings our ministry will continue to rise above the challenges. The people we serve depend on it!

And I depend on you! Thank you for your service to this wonderful ministry. I pray you and your families remain safe as we get through the end of the year.

In His Service,

Jav Zemke President

From Joanna & Sky's Braille Dots

Braille Department Continues Production Amid Pandemic

We are making great progress on the Braille ESV plates with our new PUMA plate embosser. There was a bit of a learning curve to the new machine but we are settling into a nice plate production schedule.

We are keeping our transcribers and proofreaders very busy getting 14 new Mustard Seed devotionals transcribed and ready for production. What an awesome team of transcribers and proofreaders we have, always ready to jump in and do whatever we need done and with a passion. Thank you Bob Langrehr for running those plates anytime we ask!

Starting soon we will have BRF files available on our coming, brand new website for those individuals that use e-readers. This material will include all our magazines, Mustard Seeds, and the English Standard Version of the Bible (as the volumes are put into production). All the material that we put on that site will be in the new Unified English Braille.

A big shout out to all of you and the awesome job that you have done setting up your centers for social distancing and dealing with the post office with foreign shipping. As always, your teams come together and overcome any issue that tries to stop your team from getting the word of God out to our Visually Impaired recipients.

We are continuing to work on a Bible Society order, which came in last year, for 200 Bibles, so we may be calling you, if your center is open, to help produce some books we are short on. We are sending many orders from the warehouse right now just to keep our recipients receiving material during this very difficult and lonely time for them.

Thanks to each of you! We could not do what we do if we did not have you.

Joanna Ervin, Braille Coordinator Sky Ervin, Production Supervisor

Digital Talking Books Department

The Audio Department Seeing Big Changes!

I have been busy training on new procedures. Our goal is to get our materials into the Library of Congress's database which is available to everybody. In order to comply with their requirements, our narration's opening and closing scripts are needing to be changed and table of contents for each title are being created.

I'm excited to have new narrators helping with the reading of our Mustard Seeds for production.

We are looking to purchase DTB cartridges with more gigabytes on which our audio version of the ESV Old Testament books of the Bible can be placed. Stay tuned for further updates!

Due to all of these changes, production has been slightly delayed. Please know, we are still moving this ministry forward and always looking to improve how we offer materials to our recipients.

Anjanette Jordan, DTB Coordinator

Large Print Corner

I hope everyone is doing well and ready to embrace the upcoming holidays with open arms! As usual it has been wonderful talking with you, I always look forward to your calls and emails. Please know if your center is planning to close for the holidays or remain closed, this is totally okay, I just want all of you to remain safe and healthy! I simply ask if you would please let me know as soon as possible so I can plan ahead for production purposes. Thank you for all those who have already done so.

When you decide to reopen, or if you need to adjust the number of labels you are receiving, please contact me before the 10th of each month so we can ensure everything is correct for the following month.

I continue to work from home and the office, which has been a fun, different experience. Currently, I am working on finalizing both volumes of the Primary Bibles Stories, our normal monthly periodicals and formatting other new material (especially Project Connect Booklets).

Orders continue to come in, especially for 14 point Prison Bibles. This has brought a unique opportunity for growth and I would like to reach out to see if any center may be interested in possibly producing these 14 point Bibles for LBW. These materials are printed on 20lb paper, are shipped domestically, and recipients are mainly prisoners seeking the Word of the Lord. If you and your center are interested and would like more information about producing 14 point Bibles, please contact me.

Thank you for all of your support. You remain in my prayers as we all get through these uncertain times together!

Laura Jenkins, Large Print Coordinator

Ministry Advancement Update

Lutheran Braille Workers applied for grants from 30 of the 40 LWML Districts on the last cycle of district conventions. We were awarded 13 grants which will be used to support production at our centers within those districts, as well as at the national level. We are grateful for all of our volunteers who are also members of the LWML and provided their vocal support for our grant applications.

However, a major issue did arise in that some of our Ministry Production Centers submitted their own grants to the districts without notifying us at headquarters. In some cases, this led to multiple grants being on the ballot which used the Lutheran Braille Workers name. In one district, two of the centers were awarded grants while the application from our headquarters was not approved.

If your Ministry Production Center would like to seek new sources of funding, we certainly encourage this. But it is absolutely critical that your center please contact my office so we are all on the same page and ensure there are no competing applications. In addition, we need to confirm which tax IDs are being used, as well as understand who will be providing updates on awarded grants. Finally, as always, any awarded funds do need to come to headquarters so we can properly track all gifts given to support the ministry of Lutheran Braille Workers. Don't worry, your center will still receive all of the funds, but we have to track this money nationally to keep everything in-line with the IRS and to keep positive relations with the LWML districts or other foundations.

If you have any questions, please contact me directly: 909-795-8977 or by email: daniel@lbwloveworks.org.

Thank you, Daniel Jenkins, Vice President of Ministry Advancement

Purchasing Department

Making Changes

Hello everyone! As some of you may know, we are no longer using GNC (Great Northern Corporation) as our carton vendor. With many of our centers still closed due to COVID -19, we simply were not ordering cartons for them to continue to store our boxes. As of right now, we have made room here at headquarters to have cartons shipped directly from our warehouse to your Ministry Production Center. We are still looking into different shipping alternatives due to UPS freight being so expensive. In order to save on freight charges please let us know if you are able to store large quantities of cartons, especially if you can hold onto a year's worth at a time, which would allow us to ship directly to you which will save significantly on shipping.

Also, I am now sending corrugated cardboard rolls directly to you from Staples. The price per roll is a little bit higher, but Staples delivers the rolls free of charge which saves us more money considering the high costs of UPS freight shipping. At this time we are waiting to see if recent orders have arrived safely.

I wanted to provide some more information on our updated invoice/purchase order system regarding when I receive an email, phone call, letter, or fax from a center requesting material. If the material is shipping from headquarters (tape, spirals, covers, or cartons) this material will be placed on an Invoice. If the material requested is shipped from one of our vendors, then that order will be placed on a Purchase Order. Please review these Invoices and Purchase Orders after they are e-mailed to you to ensure I ordered all requested materials. If there are any issues, please contact me directly—do not contact the vendor or anybody else at LBW. Also know, the material shipping from headquarters is not always shipped out the same day, but we do everything we can to get it out in 2 business days.

Finally, please keep an eye on your inventory. If you notice your material is getting low call me directly at 909-316-1853 or send me an email with the material being requested. The more information the better. In addition, if you wait too long to place an order, we cannot guarantee you will receive needed materials by your next meeting date without incurring rush charges.

Thank you for your patience as we continue to work through new systems.

Michelle Jordan, Purchasing Agent

Volunteer Updates

We are still in the process of updating our contact management system so we can more easily update and provide rosters electronically to our Ministry Centers. Volunteer Years of Service pins will be distributed to those volunteers who reached milestones this year. You can expect your pins to be delivered to leaders for distribution before Christmas.

We are truly blessed by you, our dedicated volunteers. As we find a new normal during this pandemic we reflect on our blessings. We pray continued health and safety for all of you as we move this ministry forward into 2021 and beyond.

Julie Zemke, Marketing & Outreach Director
